“My number one priority is to put every effort into achieving the best possible outcome for my clients.”

Laura S. Mann Attorney at Law

As a seasoned attorney first admitted to practice law in 1996, I am licensed in several states and federal courts. I also am enrolled to practice before the Internal Revenue Service (IRS) and have been specially trained in civil mediation.

I established my firm in 2007 after practicing law for over a decade in both public and private settings. During that time, I gained valuable litigation and negotiation experience and skills as both a lawyer and mediator.

My decades of experience in and out of the courtroom representing clients in all aspects of civil litigation and transactional matters has given me the proficiency to protect my clients' interests utilizing finely-tuned advocacy skills and, when appropriate, creative and peaceful resolutions of those legal disputes through negotiation and mediation. My innate compassion and understanding, combined with my extensive experience, skills, and training as a litigator and mediator, enable me to adjust my approach to the matter at hand to achieve the best possible outcome for my clients.
